

SUBJECT INDEX

1958

AMPLIFIERS

Amplifier performance: specifications and evaluation; Herman Burstein. **Feb. 24.**
 Amplifier using the new 6C25's; Nathan Grossman. **July 23.**
 Auto audio system; William B. Fraser. **Mar. 19.**
 Compact two-channel amplifier for stereo systems; C. G. McProud. **Aug. 54.**
 Damping factor chart; Phil Phillips. **Nov. 24.**
 For stereo—the bi-ortho output circuit; C. Nicholas Pryor. **Nov. 22.**
 High-power audio amplifiers; Mannie Horowitz. **Mar. 34.**
 Hybrid feedbacks for power amplifiers; Herbert I. Keroes. **Sep. 30.**
 Improving the tape amplifier; Herman Burstein and Henry C. Pollak. **July 17.**
 Integrated audio monitor for home and studio use; Ronald L. Ives. **Apr. 24.**
 "Isodyne" phase splitter; E. F. Worthen. **Aug. 26.**
 Low-distortion 50-watt amplifier; W. I. Heath and G. R. Woodville. **Jan. 19.**
 Measurement of amplifier internal impedance; W. H. Anderson. **Sep. 22.**
 Simplified audio amplifier; R. G. Chaplick. **Oct. 24.**
 Stereo compatibility translator; Herbert M. Honig. **Aug. 24.**
 Stereophonic recording and playback amplifier; Wayne B. Denny. **Sep. 24.**
 Three-channel remote amplifier; Albert Stratmoen. **June 24.**
 Transients in feedback amplifiers; George Fletcher Cooper. **Mar. 31.**
 Two-way stereophonic amplifier; B. B. Bauer, J. M. Hollywood, and G. P. Maerkle. **Oct. 19.**
 Variable stereo suppression control; John E. D'Errico. **Aug. 23.**

BELL TELEPHONE SYSTEM REPRINTS

Hearing, the determining factor for high-fidelity transmission; Harvey Fletcher. **July 24, Aug. 45, Sep. 34.**
 Loudness—its definition, measurement, and calculation; Harvey Fletcher and W. A. Munson. **Jan. 22, Feb. 24.**
 New system of sound recording; H. C. Harrison. **May 24.**
 Universal phonograph reproducer; H. A. Henning. **Mar. 40.**

BOOK REVIEWS

Music and the western man; ed. by Peter Garvie. **Oct. 12.**
 Tape Recorder Circuits; Herman Burstein and Henry C. Pollak. **Feb. 23.**

CABINET

Design of a high-quality stereo console; R. A. Joss. **Nov. 28.**

CONTROLS

Complete tone compensator; Robert M. Voss. **June 18.**
 Improved loudness control; J. P. Wentworth. **Jan. 30.**

DAMPING FACTOR

Damping factor chart; Phil Phillips. **Nov. 24.**

DISTORTION

Feedback and distortion; George Fletcher Cooper. **Feb. 20.**

ELECTRONIC SWITCH

Simple electronic switch; P. Cremaschi. **Feb. 26.**

ENCLOSURES

Compact ultra-linear speakers for stereo; Victor Brociner. **Aug. 28.**
 Compass-1—a new loudspeaker design; Milton D. Thalberg. **Apr. 24.**
 Custom-built corner horn enclosures; Laurent Gagnon. **Feb. 26.**
 Improvement in "air suspension" speaker enclosures with tube venting; Philip B. Williams and James F. Novak. **Nov. 18.**
 New high-frequency speaker; Edgar Villchur. **Oct. 28.**
 Two custom-built corner horn enclosures; Laurent Gagnon. **Feb. 26.**

EQUALIZATION

Equalization in tape recorders; Herman Burstein. **Mar. 28.**

EQUIPMENT REVIEWS

Acro Ultra-Linear II Amplifier. **Dec. 42.**
 Ampex stereo system. **Mar. 48.**
 Audio Tech speaker. **Oct. 52.**
 Baker 12" loudspeaker. **June 34.**
 Connoisseur pickup and phone arm. **Feb. 26.**
 Conair Fleetwood TV. **Mar. 52.**
 EICO HFT-90 FM tuner kit. **June 26.**
 ESL Series 60 pickup. **Apr. 42.**
 Fairchild 248 stereo amplifier. **Dec. 46.**
 General Electric stereo cartridges. **Dec. 45.**
 Glaser-Steers GS-77 changer. **Apr. 20.**
 Harman Kardon A-224 stereo amplifier/pre-amplifier. **Nov. 46.**
 F-10 FM tuner. **Sep. 44, Oct. 56.**
 Heathkit EA-2 amplifier. **July 30.**
 W-6M amplifier. **Jan. 42.**
 ISI A-10 speakers. **Feb. 38.**
 KLH speaker line. **May 38.**
 Karg "Tunematic" FM tuner and multiplex/stereo units. **Oct. 54.**
 Lektrostat record cleaner. **July 30.**
 Madison Fielding 320 stereo amplifier and 330 stereo tuner. **Sep. 42.**
 Miracord XS-200 changer. **June 34.**
 Neshaminy Z-200 speaker system. **Mar. 52.**
 Pentron tape-recording equipment. **June 26.**
 Pickering "Isophase" loudspeaker. **Jan. 42.**
 Pilot SP-125 stereo preamplifier and SM-244 stereo amplifier. **June 58.**
 Sargent-Rayment 300-M70 FM tuner and 70-watt amplifier combination. **Feb. 38.**
 Scott 135 Stereo-dapter. **May 39.**
 Shure 330 and 430 microphones. **Jan. 46.**
 Tannoy "Belvedere" speaker. **Oct. 56.**
 Tandberg Model 3-Stereo tape recorder. **July 28.**
 Telematic speaker. **Oct. 52.**
 United Speaker Systems' X-100 speaker. **Nov. 46.**
 Viking 86 tape deck and RP-61 amplifier. **Dec. 43.**

FANTASY

New steampax recorder; Liessur Mahknit. **Oct. 28.**

FEEDBACK

Feedback and distortion; George Fletcher Cooper. **Feb. 20.**
 Hybrid feedbacks for power amplifiers; Herbert I. Keroes. **Sep. 30.**
 Transients in feedback amplifiers; George Fletcher Cooper. **Mar. 31.**

FILTERS

Comb filters, anyone? Norman H. Crowhurst. **June 17.**

IMPEDANCE MATCHING

Why match impedances? Paul Penfield, Jr. **Apr. 32.**

LAW

Employer rights in employee inventions; Albert W. Gray. **Oct. 58.**
 Price discrimination in wholesale and retail sales; Albert W. Gray. **Feb. 60.**
 Trinity of the patent law—Invention, novelty, and utility; Albert W. Gray. **Mar. 44.**

LOUDSPEAKERS

Compact Ultra-Linear speakers for stereo; Victor Brociner. **Aug. 28.**
 Compass-1—a new loudspeaker design; Milton D. Thalberg. **Apr. 24.**
 High-fidelity bass cone loudspeakers; A. B. Sarkar. **Dec. 26.**
 Improvement in "air suspension" speaker enclosures with tube venting; Philip B. Williams and James F. Novak. **Nov. 18.**
 New high-frequency speaker; Edgar Villchur. **Oct. 28.**
 Two custom-built corner horn enclosures; Laurent Gagnon. **Feb. 26.**

MEASUREMENTS

Measurement of amplifier internal impedance; W. H. Anderson. **Sep. 22.**
 Output power measurements; Mannie Horowitz. **Dec. 38.**
 Simple transistor tester; Richard Burwen. **May 38.**
 Stabilized variable-sensitivity tuning meter; Ronald L. Ives. **June 26.**

Transistor beta tester with linear scale; Sergio Bernstein. **July 21.**
 Understanding the db, dbm, and the VU; Julian L. Bernstein. **Nov. 30.**
 VU meter in tape recording; Herman Burstein. **Dec. 17.**

MICROPHONES

M-8 stereophony and compatibility; Gerhart Boré and Stephen F. Temmer. **Apr. 19.**

MIXER

Ten-channel audio mixer-preamplifier; Harold Reed. **Jan. 27.**

MULTIPLEX

Compatible stereo multiplex adapter; Leonard Feldman. **Oct. 30, Nov. 42.**
 FM/Multiplex converter; Harold R. Day. **Aug. 19.**
 Questions and answers on stereo and m/x; Louis J. Kleinklaus. **Aug. 26.**

NETWORKS

RC filter design for high impedance crossover networks; Charles W. Harrison, Jr. **Nov. 24.**
 Use of twin-t type networks; Norman H. Crowhurst. **May 19.**

PATENTS

Trinity of the patent law—invention, novelty, and utility; Albert W. Gray. **Mar. 44.**

PHONOGRAPH EQUIPMENT

Adapting a Garrard changer to stereo pickups; **May 32.**
 Convert your Collaro to stereo; Stanley G. Neufeld. **Aug. 42.**

PHONOGRAPH PICKUPS

How to make a stereo pickup; C. G. McProud. **Feb. 17.**
 Manufacture of a high-quality cartridge; Ruben E. Carlson. **Aug. 30.**
 Toward an optimum stereo cartridge; Herbert H. Horowitz. **Oct. 44.**
 Universal phonograph reproducer; H. A. Henning. **Mar. 46.**

PREAMPLIFIERS

Complete tone compensator; Robert M. Voss. **June 18.**
 Paging preamplifier; Mannie Horowitz. **Apr. 22.**
 Simplified control unit; R. G. Chaplick. **Sep. 17.**
 Ten-channel audio mixer-preamplifier; Harold Reed. **Jan. 27.**

PSYCHOACOUSTICS

Hearing, the determining factor for high-fidelity transmission; Harvey Fletcher. **July 24, Aug. 45, Sep. 34.**
 Loudness—its definition, measurement and calculation; Harvey Fletcher and W. A. Munson. **Jan. 22, Feb. 24.**
 Standing waves—an audio booby trap; William D. Bell. **Oct. 22.**

RECORDING, DISC

Compatible stereophonic record; B. B. Bauer, Peter C. Goldmark, and William S. Bachman. **May 26.**
 Improving the performance of stereophonic disc playback systems; B. B. Bauer. **Aug. 24.**
 New approach to stereo discs; Maximilian Weil. **June 28.**
 New electro-mechanical method of matrixing the two components in stereophonic disc recording; Hans-Joachim Klemp, Horst Redlich, and Stephen F. Temmer. **Nov. 26.**
 New system of sound recording; H. C. Harrison. **May 24.**
 Phasing in stereophonic recording; William S. Bachman. **Nov. 17.**

RECORDING, TAPE

Equalization in tape recorders; Herman Burstein. **Mar. 28.**
 Improving the tape amplifier; Herman Burstein and Henry C. Pollak. **July 17.**
 Stereophonic recording and playback amplifier; Wayne B. Denny. **Sep. 24.**
 Tape tension—the neglected dimension; Erwin J. Saxl. **Dec. 24.**

SUBJECT INDEX

1958

AMPLIFIERS

Amplifier performance: specifications and evaluation; Herman Burstein. **Feb. 24.**
 Amplifier using the new 6C25's; Nathan Grossman. **July 23.**
 Auto audio system; William B. Fraser. **Mar. 19.**
 Compact two-channel amplifier for stereo systems; C. G. McProud. **Aug. 54.**
 Damping factor chart; Phil Phillips. **Nov. 24.**

PREAMPLIFIERS

Complete tone compensator; Robert M. Voss. **June 18.**
 Paging preamplifier; Mannie Horowitz. **Apr. 22.**
 Simplified control unit; R. G. Chaplick. **Sep. 17.**
 Ten-channel audio mixer-preamplifier; Harold Reed. **Jan. 27.**

PSYCHOACOUSTICS

Hearing, the determining factor for high-fidelity transmission; Harvey Fletcher. **July 24, Aug. 45, Sep. 34.**
 Loudness—its definition, measurement and calculation; Harvey Fletcher and W. A. Munson. **Jan. 22, Feb. 24.**
 Standing waves—an audio booby trap; William D. Bell. **Oct. 22.**

RECORDING, DISC

Compatible stereophonic record; B. B. Bauer, Peter C. Goldmark, and William S. Bachman. **May 26.**
 Improving the performance of stereophonic disc playback systems; B. B. Bauer. **Aug. 24.**
 New approach to stereo discs; Maximilian Weil. **June 28.**
 New electro-mechanical method of matrixing the two components in stereophonic disc recording; Hans-Joachim Klemp, Horst Redlich, and Stephen F. Temmer. **Nov. 26.**
 New system of sound recording; H. C. Harrison. **May 24.**
 Phasing in stereophonic recording; William S. Bachman. **Nov. 17.**

RECORDING, TAPE

Equalization in tape recorders; Herman Burstein. **Mar. 28.**
 Improving the tape amplifier; Herman Burstein and Henry C. Pollak. **July 17.**
 Stereophonic recording and playback amplifier; Wayne B. Denny. **Sep. 24.**
 Tape tension—the neglected dimension; Erwin J. Saxl. **Dec. 24.**

VU meter in tape recording; Herman Burstein and Henry C. Pollak. **Dec. 17.**

SHIELDING

Spiral steel shielding for audio circuits; Ronald L. Ives. **Dec. 40.**

SOUND MOTION PICTURES

Amateur sound film equipment; H. Thiele. **Jan. 24.**

STEREOPHONIC

Adapting a Garrard changer to stereo pickups. **May 32.**
Compact two-channel amplifier for stereo systems; C. G. McProud. **Aug. 54.**
Compatible stereo multiplex adapter; Leonard Feldman. **Oct. 30, Nov. 42.**
Compatible stereophonic record; B. B. Bauer, William S. Bachman, and Peter C. Goldmark. **May 26.**
Convert your Collaro to stereo; Stanley G. Neufeld. **Aug. 42.**
FM/Multiplex converter; Harold R. Day. **Aug. 19.**
For stereo—the bi-ortho output circuit; C. Nicholas Pryor. **Nov. 22.**

How to make a stereo pickup; C. G. McProud. **Feb. 17.**
Improving the performance of stereo disc playback systems; B. B. Bauer. **Aug. 24.**
M-S stereophony and compatibility; Gerhart Börö and Stephen F. Temmer. **Apr. 19.**
Manufacture of a high-quality cartridge; Ruben E. Carlson. **Aug. 38.**
Monaural, binaural, monophonic, and stereophonic; Harry F. Olson. **Sep. 28.**
New approach to stereo discs; Maximilian Weil. **June 28.**
New electromechanical method of matrixing the two components in stereophonic disc recording; Hans-Joachim Klemp, Horst Redlich, and Stephen F. Temmer. **Nov. 26.**
Phasing in stereophonic recording; William S. Bachman. **Nov. 17.**
Questions and answers on stereo and m/x; Louis J. Kleinhaus. **Aug. 29.**
Stereo compatibility translator; Herbert M. Honig. **Aug. 34.**
Stereo phasing problem; C. G. McProud. **Sep. 28.**
Stereophonic recording and playback amplifier; Wayne B. Denny. **Sep. 24.**
Toward an optimum stereo cartridge; Herbert H. Horowitz. **Oct. 44.**
Two-way stereophonic amplifier; B. B. Bauer, J. M. Hollywood, and G. P. Maer-

kie. **Oct. 19.**
Variable stereo-suppression control; John E. D'Errico. **Aug. 23.**

SYSTEMS

Auto audio system; William B. Fraser. **Mar. 19.**
Hi-fi with that coffee aroma; Edwin A. Snape. **Dec. 29.**
Sound recording and reinforcing at the Monterey jazz festival; Russell J. Tinkham. **Dec. 22.**
Trends in audio; Herman Burstein. **Apr. 28.**

TRANSIENTS

Testing for transients; George Fletcher Cooper. **Apr. 26.**
Transients in feedback amplifiers; George Fletcher Cooper. **Mar. 31.**

TRANSISTORS

Amateur sound film equipment; H. Thiele. **Jan. 24.**
Simple transistor tester; Richard Burwen. **May. 30.**
Transistor beta tester with linear scale; Sergio Bernstein. **July 21.**

AUTHOR INDEX

Anderson, W. H.
Measurement of amplifier internal impedance; **Sep. 22.**

Bachman, William S.
Phasing in stereophonic recording; **Nov. 17.**

Bachman, William S., B. B. Bauer, and Peter C. Goldmark
Compatible stereophonic record; **May 26.**

Bauer, B. B.
Improving the performance of stereo disc playback systems; **Aug. 34.**

Bauer, B. B., William S. Bachman, and Peter C. Goldmark
Compatible stereophonic record; **May 26.**

Bauer, B. B., J. M. Hollywood, and G. P. Maerkle
Two-way stereophonic amplifier; **Oct. 19.**

Bell, William D.
Standing waves—an audio booby trap; **Oct. 22.**

Bernstein, Julian L.
Understanding the db, dbm, and the VU; **Nov. 30.**

Bernstein, Sergio
Transistor beta tester with linear scale; **July 21.**

Bore, Gerhart, and Stephen F. Temmer
M-S stereophony and compatibility; **Apr. 19.**

Brechner, Victor
Compact ultra-linear speakers for stereo; **Aug. 28.**

Burstein, Herman
Amplifier performance: specifications and evaluation; **Feb. 24.**
Equalization in tape recorders; **Mar. 28.**
Trends in audio; **Apr. 28.**
VU meter in tape recording; **Dec. 17.**

Burstein, Herman, and Henry C. Pollak
Improving the tape amplifier; **July 17.**

Burwen, Richard
Simple transistor tester; **May 30.**

Carlson, Ruben E.
Manufacture of a high-quality cartridge; **Aug. 38.**

Chaplik, R. G.
Simplified audio amplifier; **Oct. 24.**
Simplified control unit; **Sep. 17.**

Cooper, George Fletcher
Feedback and distortion; **Feb. 28.**
Testing for transients; **Apr. 26.**
Transients in feedback amplifiers; **Mar. 31.**

Cremeschi, P.
Simple electronic switch; **Feb. 26.**

Crowhurst, Norman H.
Comb filters, anyone? **June 17.**
Use of twin-t type networks; **May 19.**

Day, Harold R.
FM/Multiplex converter; **Aug. 19.**

Denny, Wayne B.
Stereophonic recording and playback amplifier; **Sep. 24.**

D'Errico, John E.
Variable stereo-suppression control; **Aug. 23.**

Feldman, Leonard
Compatible stereo multiplex adapter; **Oct. 30, Nov. 42.**

Fletcher, Harvey
Hearing, the determining factor for high-fidelity transmission; **July 24, Aug. 45.**
Sep. 34.

Fletcher, Harvey, and W. A. Munson
Loudness—its definition, measurement, and calculation; **Jan. 32, Feb. 34.**

Fraser, William B.
Auto audio system; **Mar. 19.**

Gagnon, Laurent
Two custom-built corner horn enclosures; **Feb. 28.**

Goldmark, Peter C., William S. Bachman, and B. B. Bauer
Compatible stereophonic record; **May 26.**

Gray, Albert W.
Employer rights in employee inventions; **Oct. 30.**
Price discrimination in wholesale and retail sales; **Feb. 28.**
Trinity of the patent law—invention, novelty, and utility; **Mar. 44.**

Grossman, Nathan
Amplifier using the new 6CZ5's; **July 23.**

Harrison, Charles W.
RC filter design for high-impedance cross-over networks; **Nov. 34.**

Harrison, H. C.
New system of sound recording; **May 24.**

Heath, W. I., and G. B. Woodville
Low-distortion 50-watt amplifier; **Jan. 19.**

Henning, H. A.
Universal phonograph reproducer; **Mar. 46.**

Hollywood, J. M., G. P. Maerkle, and B. B. Bauer
Two-way stereophonic amplifier; **Oct. 19.**

Horowitz, Herbert M.
Stereo compatibility translator; **Aug. 24.**

Horowitz, Herbert H.
Toward an optimum stereo cartridge; **Oct. 44.**

Hornig, Herbert M.
High-power audio amplifiers; **Mar. 24.**
Output power measurements; **Dec. 28.**
Paging preamplifier; **Apr. 23.**

Ives, Ronald L.
Integrated audio monitor for home and studio use; **Apr. 24.**
Spiral shielding for audio circuits; **Dec. 48.**
Stabilized variable-sensitivity tuning meter; **June 26.**

Joss, R. A.
Design of a high-quality stereo console; **Nov. 28.**

Keroes, Herbert L.
Hybrid feedbacks for power amplifiers; **Sept. 30.**

Kleinhaus, Louis J.
Questions and answers on stereo and m/x; **Aug. 29.**

Klemp, Hans-Joachim, Horst Redlich, and Stephen F. Temmer
New electromechanical method of matrixing the two components in stereophonic disc recording; **Nov. 26.**

Maerkle, G. P., B. B. Bauer, and J. M. Hollywood
Two-way stereophonic amplifier; **Oct. 19.**

Mahkin, L.Lesur
New Steampax recorder; **Oct. 28.**

McProud, C. G.
Build your own stereo pickup; **Feb. 17.**
Compact two-channel amplifier for stereo systems; **Aug. 34.**
Stereo phasing problem; **Sep. 28.**

Munson, W. A., and Harvey Fletcher
Loudness—its definition, measurement, and calculation; **Jan. 32, Feb. 34.**

Redlich, Horst, Hans-Joachim Klemp, and Stephen F. Temmer
New electromechanical method of matrixing the two components in stereophonic disc recording; **Nov. 26.**

Reed, Harold
Ten-channel audio mixer-preamplifier; **Jan. 27.**

Sarkar, A. B.
High-fidelity bass cone loudspeakers; **Dec. 28.**

Saxi, Erwin J.
Tape tension—the neglected dimension; **Dec. 34.**

Snape, Ed.
Hi-fi with that coffee aroma; **Dec. 29.**

Stratmann, Albert
Three-channel remote amplifier; **June 24.**

Temmer, Stephen F., and Gerhart Börö
M-S stereophony and compatibility; **Apr. 19.**

Temmer, Stephen F., Hans-Joachim Klemp, and Horst Redlich
